

AKSHAT RAJ

+91-7850843501 | akshatraj0721@gmail.com | linkedin.com/in/akshat-raj | Bhopal, India

Professional Summary

Driven and versatile B.Tech student (CSE – AI & ML) with hands-on experience in **business growth, stakeholder engagement, and strategic operations**. Proven ability to lead initiatives, mobilise communities, and deliver outcomes in fast-paced, ambiguous environments. Active in clubs, NGO volunteering, and cross-functional internship work — bringing a **non-technical, people-first mindset** to growth and strategy challenges. Eager to contribute meaningfully to Yapar's Growth & Strategy team with full ownership and long-term commitment.

Soft Skills:	Leadership, Ownership Mindset, Adaptability, Problem Solving, Networking, Attention to Detail

Work Experience

Data Analyst **Apr 2025 – Jun 2025**
Thrillophilia Remote, India

- Analysed **customer booking behaviour** across 100K+ data points to identify high-converting travel packages, directly feeding into the growth team's acquisition and retention strategy.
- Collaborated with the marketing team to design **RFM-based customer segmentation**, enabling personalised campaign targeting that improved repeat-booking engagement by **18%**.
- Conducted **A/B test analysis** on two landing page variants and delivered findings with actionable recommendations — results adopted by the product team for UX redesign.
- Built **KPI dashboards** tracking key business metrics (revenue trends, regional drop-offs, funnel performance), reducing leadership's manual reporting effort by **40%**.
- Prepared and presented **4 strategic insight reports** to cross-functional stakeholders within sprint deadlines, developing strong business communication and prioritisation skills.

Leadership & Club Activities

Core Member — Blockchain Club **VIT Bhopal University**
Strategy & Outreach Division Aug 2024 – Present

- Spearheaded **club outreach and partnership efforts**, growing active membership by coordinating with 5+ college chapters and onboarding speakers from industry for flagship events.
- Co-led planning and execution of **3 intra-college hackathons** — managed timelines, volunteer teams, and sponsor coordination end-to-end for 150+ participants.
- Delivered sessions on emerging technology trends to **60+ member audiences**, strengthening public communication and knowledge-transfer skills.

Core Member — National Service Scheme (NSS)

VIT Bhopal University

Community Outreach & Operations Lead

Aug 2024 – Present

- Coordinated logistics, volunteer scheduling, and on-ground execution for community events serving **500+ participants** — developed strong operational planning and people management skills.
- Led a **rural digital literacy initiative** across 3 village camps in MP; conducted needs assessments, mobilised volunteers, and reported programme outcomes to the faculty steering committee.

Social Impact & Volunteering

Community Volunteer — NGO Outreach

Jodhpur, Rajasthan

Education & Livelihood Programmes

2021 – 2023

- Volunteered with local NGOs in Jodhpur focused on **underprivileged youth education** — conducted weekly learning sessions for 30+ children, designed activity-based modules, and tracked attendance and progress.
- Assisted in **livelihood awareness camps** for women from low-income households — coordinated participant registration, material distribution, and post-event impact documentation for NGO reporting.
- Participated in **community health and hygiene drives**, mobilising 50+ volunteers for door-to-door awareness campaigns across 4 localities — honing grassroots communication and coordination skills.

Projects

Customer Growth & Retention Analysis | *Excel, Power BI, SQL, Market Segmentation* Jan – Mar 2025

- Conducted end-to-end **growth analysis** on 150K+ e-commerce transactions — segmented customers by value tier, identified churn-risk cohorts, and mapped revenue leakage points across the funnel.
- Delivered a **strategic dashboard** with actionable KPIs (CAC, LTV, retention rate, MoM growth) enabling mock leadership team to prioritise high-impact acquisition channels.

HR Workforce Strategy Report | *Power BI, Excel, Data Storytelling*

Sep – Nov 2024

- Analysed workforce attrition patterns across 1,400 employee records; identified top 3 organisational risk factors and **presented strategic recommendations** for retention spend prioritisation.
- Built an **executive-ready report** with visual KPIs and narrative insights — translating raw data into a clear business story adopted by a mock HR committee for policy decisions.

Certifications & Training

Microsoft Power BI Course Certificate | *Microsoft Data Modelling, DAX, Power Query, Report Design, 2024 Business Dashboarding*
